Multi-Graphic Cable System

This version of our XL1 combines elegant artistry, convenience and our most popular display.

Graphics are easily mounted to display cables for a look that's a cut above the rest. The graphic connectors allow you to slide your display for precise positioning. Affix another graphic and create a multi-graphic display. The Elegance sets up quickly and stores in a compact case. Backed with a lifetime repair and replace warranty. We've taken elegance to a whole new level.

Choose your own graphic size at anytime.
